MEMORANDUM FOR : Chief of Materiel

SUBJECT

: Contract SE-509, Granger Associates, Test Equipment

- 1. Attached is a copy of Granger Associates letter dated June 11, 1959 (DPD-4037-59). This letter sets forth the Contractor's recommended list of test equipment required to support the Black Boxes being procured under the subject contract.
- Some of the listed items are believed to be "standard" stock items in the Agency and/or the Air Force. The Chief, Materiel Branch is requested to screen the list and to obtain from stock all items possible. Contracts Branch should be notified as soon as possible of those items which cannot be obtained from stocks in order that they can be procured through Granger in time to meet the delivery schedule of July 20th for the first Black Box.
- 3. The attached list is sufficient to support the units at one site only. In the event the units are deployed at two locations, the test equipment will increase accordingly. The Chief, Operations is requested to indicate by indorsement hereto the intended deployment plan for the Black Boxes.

Contracting Officer, DPD

Endorsement:

1. Both Granger boxes will initially be deployed to Detachment "B". Necessary test equipment and maintenance personnel will be deployed to other areas from "B" if required.

2. Many of the items on the attached list are already available at "B". Items to be procured are as follows:

Adapter, Waveguide to Control Box

Hea Gyraline

Coaxial Attenuators

Detector Crystal Mount

Lea Test Control Box Adapter, Waveguide to Coax
